Mike I've spoken to Pickens, he is himself doing
some re-writing. Probably his most important point is
that to say that there will be an ARPS
conflict group, separately managed. These affairs are
no concern of the Institute. There are other
very relevant points and I think it will be a
good thing if you were to call him your views -
transmission through me can't fail to have some
effect of attenuation or distortion, however good my
intentions. I have Q. look for a M - and
let me have it again later
