

ICKNIELD WAY HOUSE

STAFF CLUB 'B'

Information for Residents

On behalf of the people in this hostel the House Committee extends a warm welcome to you as a member of this house and hopes you will soon settle down to enjoy the amenities provided.

The House Committee invites your co-operation at all times in their efforts to make the communal life here as pleasant as possible for everyone.

Your consideration for your fellow residents and staff will do much to further the friendly atmosphere.

M A P

First, the cost of living here and what you get for your money:-

Your rent entitles you, without further charge, to full use of your own room, all heating and lighting therein, a weekly change of bedlinen and towel, use of all lounges and quiet rooms, the service rooms and the facilities provided in them (to be enumerated later), breakfast and evening meal Mondays to Fridays inclusive, breakfast, lunch and dinner on Saturdays and Sundays. It should be pointed out here that at holiday-times, e.g., Easter, Whitsun, etc., midday meals on weekdays are provided at an additional charge of 3/6d.

#### Charges

	£	s	d
<u>Icknield Way House (B.173)</u>			
Single room in East and West wings .....	3	9	0
and .....	3	2	6
Single room, Centre Block .....	2	18	6
Double room, East, West and New Wings .....	2	16	6
Double room, Centre Block .....	2	13	0
<u>Grimsdyke House (B.156)</u>			
Single room .....	3	0	6
<u>Grimsdyke House Extension (B.156.3)</u>			
Single room .....	3	4	0
Double room .....	3	4	0
<u>Annexe (B.145)</u>			
Single room .....	3	4	0

All hostel charges are paid by deduction from salary.

Next, the meal-times:-

	<u>Monday-Friday</u>	<u>Saturday</u>	<u>Sunday</u>
+Early breakfast	-	7.15 - 7.45 a.m.	7.15 - 7.45 a.m.
Breakfast	7.00 - 8.45 a.m.	8.30 - 9.00 a.m.	8.45 - 9.30
=Morning break	-	11.00 - 11.15	11.00 - 11.15
Lunch	-	12.00 - 1.30 p.m.	12.30 - 1.30 p.m.
=Afternoon break	-	4.00 - 4.15	4.00 - 4.15
Evening meal	5.15 - 6.45 p.m.	5.30 - 6.30	5.30 - 6.30
+Late evening meal	7.50 - 9.30 p.m.	7.50 - 9.30	7.50 - 9.30
@Snack bar	9.00 - 10.00	9.00 - 9.30	9.00 - 10.00

+ Obtainable by previous booking - in the book available at the servery.

= Tea and cakes only. Week-ends only.

@ Tea, cocoa, sandwiches, cakes, chocolates, cigarettes, matches, etc.

Reference should be made to the notice-board outside the dining room for more detailed, up to date information.

The meals are served in the dining-room of Icknield Way House (B.173). The snack-bar is immediately adjacent to the dining-room. During public holidays the place where meals are served varies, as do the times. Separate notices are posted giving full information at the time.

During the week lunches may be obtained at either of the two canteens on site or at the Social Club.

### GENERAL INFORMATION

There are fire-alarms at each end of the main East-West corridor in Icknield Way House and in the entrance hall of Grimsdyke House. Fire-extinguishers are placed at strategic points in the corridors of all buildings in the hostel.

In case of emergency, dial 2222 on the site telephone just inside the main door of Icknield Way House.

### Liability of the Management

The Management accept no responsibility for residents' personal effects. In their own interests residents are advised to insure their effects against loss by theft or fire. It should be noted that most insurance policies do not give cover against theft if the room is not locked when unoccupied. Keys for rooms may be obtained from the Reception Office on deposit of 2/6d, which may be reclaimed on return of the keys.

The Management are, however, responsible under the Occupiers' Liability Act of 1957 for ensuring that their premises are safe for use. This safety, insofar as the hostel is concerned, is mainly electrical, and is clearly explained in Appendix I. This is mainly a copy of notices circulated to all hostel residents in the past and posted on the notice-boards.

Residents are held responsible by the Management for any damage caused by them or their guests to the fittings and furniture in their rooms. This applies not only to breakages but also to the redecorating that may prove necessary due to hammering nails in the walls to hang pictures or sticking up calendars and pin-ups with Sellotape. Pins for hanging pictures can be obtained from the Manager.

### Reception Office

The Reception Office is in B.173 and is open at the following times:-

Monday .....	8.0 - 12.0	1.0 - 5.0	5.30 - 7.30
Tuesday .....	"	1.0 - 6.0	
Wednesday .....	"	"	
Thursday .....	"	1.0 - 5.0	5.30 - 7.30
Friday .....	"	1.0 - 6.0	
Saturday .....	8.0 - 10.0		
Sunday .....	Closed		

Guests of residents may be accommodated in the hostel provided accommodation is available. The Receptionist should be given seven days notice of such visits whenever possible. The charge for bed and breakfast, per person, payable to the Receptionist, is 15/6d for a single room, 13/0d for one bed in a double room. Other meals may be obtained by purchasing the appropriate ticket(s) from the Receptionist. The cost is 3/6d per meal. Meals may also be purchased for casual guests, i.e., those not staying overnight.

A rebate is payable to any resident who is absent for seven or more consecutive nights. A form, "Notice of Intended Absence" is available from the Receptionist and should be completed and handed in before going on leave. The amount of rebate is £1 for each complete week of absence; this figure, based on the economics of running the hostel, was pressed for and obtained at a meeting of the Hostel Charges Sub-Committee as being most favourable for the junior staff, who form the majority of the hostel residents.

Residents confined to their rooms due to minor ailments may, on informing the Catering Staff, have their meals brought to their rooms by other residents. Victims of more serious complaints can be admitted on their doctors' recommendation to the Sick Bay (B.166) where trained nursing staff are in attendance.

Several local doctors hold surgeries in B.363 and you are earnestly advised to register with one of them as soon as possible after your arrival - DO NOT wait until you fall ill! The doctors attending B. 363 and their hours are:-

Dr. A.A. Beazeley,

"The Poplars", Harwell.

Telephone Harwell 26 ..... Monday and Thursday  
5.15 - 5.45

Dr. Asbury and Dr. Lennox,  
7 Haydon Road, Didcot.  
Telephone Didcot 2020 ..... Tuesday only  
5.15 - 5.45

Dr. Winifred Davidson,  
21 Haydon Road, Didcot.  
Telephone Didcot 3130 ..... Wednesday only  
5.15 - 5.45

Dr. Joyce Tucker,  
21 Haydon Road, Didcot  
Telephone Didcot 3130 ..... Friday only  
5.15 - 5.45

In B. 166 are two dentists, Mr. Noble and Mr. Graham-Smith. Appointments, either in or out of working hours, may be made by ringing extension 3099 on the site exchange.

The telephone number of the site exchange is Abingdon 1220. The telephone numbers of the hostel are:-

Receptionist and Manager .....	2822
Catering Office (B.173) .....	2821
Residents' telephone (B.173) .....	2628
"                    (B.156) .....	2293

The residents' telephone in Grimsdyke House is in the staff room in the main East-West corridor; the residents' telephone in Icknield Way House is immediately inside the main door on the right. Next to it is a G.P.O. coin-box telephone, number Rowstock 311. Incoming calls may be taken on any of these telephones, outgoing calls on the G.P.O. telephone only. If either telephone rings, please answer it. It may be an emergency - for you! If you answer the telephone but do not know where the person asked for lives, there is a directory of residents in the card-index on the table in the main lounge. It is in your own interests to ensure that your name and room number are correctly listed.

Inside the main door, immediately on the left and well back in the corner, is a mail-box. Collections are made at 8.0 a.m. Mondays to Saturdays, 4.00 p.m. Mondays to Fridays and 4.00 p.m. on Sundays.

Adjacent to the hostel is a shopping centre where the following facilities are available:-

- Licensed grocer
- Post Office
- Lloyd's bank
- Gents' hairdressers
- Ladies' hairdressers
- Newsagent and tobacconist
- Greengrocer
- Cleaners and shoe-repairers

Appointments for the gents' hairdresser may be made during working hours by ringing extension 2848.

Behind the shopping centre and also adjacent to Ridgeway House are blocks of lock-up garages. There is a waiting list for these, but you may add your name to the list by contacting the Estate Office in B.77. The rent is 7/6d per week. There is also a motorcycle garage, space in which may be booked in the same way as for garages, at a cost of 1/0d per week. There are cycle racks in front of and behind Icknield Way House, but it should be emphasised that these are for pedal-cycles only. For those without garages, vehicles may be parked in the North Gate carpark in front of Grimsdyke House, or in the limited space adjacent to New Wing.

All drivers on Authority property must be properly licensed and all vehicles taxed and insured to comply with the Road Traffic Act. The Authority police are empowered to enforce this order. (vide Research Group Notice R.G.N. 97/58).

Individual residents must obtain licences for their own radios. One such licence will cover one individual's radio or radios, but there is no such thing as a "covering licence" for the hostel.

Timetables of local bus and train services are exhibited on the noticeboard outside the Reception Office. Buses for Didcot leave outside the hostel; Oxford buses stop on the main road (A 34). There is a frequent train service from Didcot to Paddington, and should you miss the last bus, the taxi fare from Didcot station to the hostel is about 10/0d. Buses leaving Gloucester Green bus station, Oxford, for Harwell (the Newbury bus, number 12 or 112) do so on the half-hour except the last one; the last one leaves at 10.20 p.m.

All adult residents should ensure that their names are on the electoral roll.

#### RECREATIONAL ASSOCIATION

All persons taking up employment with the Authority are invited to join the Recreational Association. The subscription is 2d. per week for weekly paid staff and 10/0d. per annum for salaried staff. Membership of the Association is a condition of membership of any of the affiliated clubs. These clubs cater for a wide variety of sports and hobbies, including tennis, cricket, rugby, football, hockey, badminton, squash, sailing, archery, Judo, Scottish dancing, horticulture, art, dramatics, photography, climbing, motoring, film society, almost ad inf. Subscription to the various clubs differs from club to club, but full details may be obtained from the officers of the clubs; a list of the officers will be found in Appendix II. No extra subscription is necessary for use of the Social Club. It may be advantageous to take out an omnibus subscription (£2 per annum) which entitles the subscriber to free membership of most affiliated clubs. It must be pointed out that membership of the Association is essential if you want to use the Social Club. The Social Club is open during normal licensing hours except at public holidays; notices are published giving details of the amended hours at the time.

#### ICKNIELD WAY HOUSE COMMITTEE

This committee is elected annually by the residents and consists of one representative from each wing or block of the hostel, one ladies' representative and four general members. The officers of the committee, elected by the committee, are Chairman, General Secretary, Treasurer and Committee Secretary. In addition, the members carry out various duties which will be explained later. A list of the current committee, together with the constitution of the committee, are posted on the noticeboard in the entrance hall of Icknield Way House.

The functions of the committee are self-government by the residents, management of the Amenities Fund and liaison with the Management and Administration Division.

A resident wishing to bring a matter to the notice of the committee should address a note to the Chairman or General Secretary and place it in the letter-rack. It will then be discussed at the next of the fortnightly meetings. Any resident is welcome to attend any of these meetings as an observer.

#### Room Secretary

The allocation of rooms within the hostel is decided by the committee in conjunction with the Management and is generally left to the discretion of the Room Secretary. If any resident wishes to change rooms, double to single, or vice versa, or if two residents in different double rooms wish to change around to share a double room, the Room Secretary will do his utmost to accommodate you, giving due consideration to the wishes of others who may be affected by your proposed move. NO ROOM CHANGES SHOULD BE MADE, UNDER ANY CIRCUMSTANCE, WITHOUT PRIOR KNOWLEDGE OF THE ROOM SECRETARY.

As mentioned previously, there are service rooms in all parts of the hostel, equipped and maintained by the Management for the purpose of washing, drying and ironing clothes. The main items in the rooms are large sinks and draining-boards, irons and ironing-boards, and wringers. In the service room in Grimsdyke Extension and in the outbuilding behind Icknield Way House (commonly called the "Bendix Room") there is also a boiler and a tumbler dryer.

There are also several luggage-rooms for storing large items not in frequent use, such as suitcases and trunks. It would be greatly appreciated if residents using these rooms would leave their cases locked and clearly labelled.

Behind Grimsdyke House is a building known as "Lloyd's Bank" (or the "old bank"). It houses, among other things, the Judo Club and the Camera Club's dark-room. One section of this building has been reserved as a workshop for hostel residents. If you use it you are earnestly requested to leave it clean and tidy; this is a privilege that can be withdrawn if abused.

### THE AMENITIES FUND

- is maintained by voluntary contributions of 2/0d per month, collected by the committee in the first week of the month. USE OF ALL THE AMENITIES ENUMERATED HEREAFTER IS STRICTLY RESERVED FOR THOSE WHO DO CONTRIBUTE.

#### Bendix Washing Machine

This is located in the outbuilding at the back (on the North side) of the hostel and is in addition to the facilities already provided there by the Management. It was purchased by the Amenities Fund and all charges for its maintenance are borne by the Fund. Should it not be functioning correctly, please report it to a member of the committee, preferably the one named on the list as being responsible for the machine. This is an expensive piece of equipment - it will last longer and give far better service if the instructions are followed to the letter. A length of hose and a brush for car-washing is situated in the yard adjacent to the Bendix Room. Plastic buckets are provided in the majority of service rooms for the same purpose. After using them, please return them, clean, to the place from which they came.

#### Television

The Television lounge is in Grimsdyke House and is the only lounge not freely available to all residents - this lounge is for those who contribute to the Amenities Fund only. The set is a 23" KB "Regina" and will receive BBC programmes only. This was adjudged the only way to avoid arguments as to which programme should be showing at any given time. Again, this is a most expensive piece of equipment. The volume and brightness controls are on the front of the set - DO NOT TOUCH ANY OTHERS - they are pre-set.

#### Newspapers and Magazines

The majority of national daily and Sunday newspapers are delivered to the hostel each morning; the local and some London evening papers each evening. In addition there is an immense variety of weekly and monthly magazines. If you have any queries regarding these, or any suggestions for new magazines, contact the Magazine Secretary.

Please observe the stamp on all newspapers and periodicals - "DO NOT REMOVE FROM THE LOUNGE".

#### Hi-Fi Equipment

- consists of a VHF tuner and amplifier, a multi-speed turntable and a set of balanced speakers, all adding up to a first-class radiogram giving superb reproduction. It has a maximum output of 15 watts, but please do not use all of them - you will only shake the windows and deafen everyone in the lounge. Particular discretion must be exercised with the volume control after 11.00 p.m. You may not want to go to bed, but others do, and there are rooms right next to and above that end of the lounge.

#### Sewing Machine

- the Fund owns an electric sewing machine. To use it, contact the appropriate resident named in the list on the noticeboard.

#### Hair Dryer

- as for Sewing Machine.

#### Typewriter

- as for Hair Dryer.

With all of the last three amenities, if you discover (or cause) a defect, please report it at once to the resident responsible for that particular item; if he (or she) is not available, then to a committee member.

#### Sports Equipment

At the side of the magazine rack in the main lounge are two tennis and two squash rackets. Sets of chessmen and draughts are also kept here. There is one hard tennis court immediately opposite the front of the hostel and two more between Ridgeway House and the main (A 34) road. The squash court is the cubical building next to the lock-up

garages opposite Ridgeway House; lighting and heating in the court is by slot-meter. There are also table tennis bats available from the Magazine Secretary; the table is in Kirkbride Hall, adjacent to the North Gate car-park and the key to the hall will be found on the magazine rack in the main lounge. PLEASE RETURN IT. Should you find any defects in the equipment, please report it as soon as possible to the response committee member so that repairs can be effected with the minimum of delay.

N.B. Although the rackets are provided free for the use of residents, you must be members of the Squash and/or Tennis Clubs before you may use their courts.

### Complaints

The House Committee represents you and all complaints reported to them will be dealt with immediately. Generally speaking, complaints are divided into two sections:- 1) complaints about other residents, mainly noise and 2) complaints not arising from the actions of fellow residents, e.g. food.

Before dealing with the procedure for complaints, your attention is drawn to the following rule: Noise should at all times be kept down to a level that will not cause annoyance or disturbance to other residents; it has been generally agreed at full House Meetings that there shall be NO NOISE AFTER 11.00 p.m. This is relaxed on Saturdays, when the agreed time is midnight.

#### Complaints 1)

The committee is most anxious to avoid appeal to the Management in dealing with complaints by one resident against another and to this end asks you all to co-operate with each other as fully as possible. When cause for complaint arises

- (a) the complaint should normally be addressed to the offending resident at the time of the offence.
- (b) If this is not successful, contact a member of the committee, preferably the wing representative, as soon as possible, who will take up the matter.

(c) It is hoped that by this stage the complaint will have been settled; if satisfaction has not been obtained the complaint, in writing, should be addressed to the House Committee, who will investigate the matter fully. As a result of this investigation the committee may invite the resident(s) to state their case and will endeavour to arrive at an acceptable conclusion.

(d) If the committee is unsuccessful in dealing with the matter the offending resident will appear before a full meeting of the House for the residents to decide whether or not the case should be referred to the Management.

- Note:- (i) the Management may consider complaints made to them by individual residents after no satisfaction has been reached via the proper channels
- (ii) Where necessary, the House Committee, in conjunction with the Management, can recommend to the Chief Administrative Officer that the undesirable resident be evicted.

Matters of a very personal nature may be taken direct to the Welfare Officer in B.329. Any communication with welfare will be strictly confidential, Welfare having no connection with other departments.

#### Complaints 2)

Complaints about food should be made to the Catering Supervisor at the time. If you get no satisfaction see the Manager as soon as possible. This is the best and quickest way. If your lamb chop is microscopic, or the potatoes are black, or your helping is too small, it is pointless to complain to a committee member two days later. It is rarely that a word to the Supervisor there and then does not bring about the desired result.

Reports of defects concerning general maintenance in the hostel should be made direct to the Manager or by leaving a note for him in the Reception Office. If, after a reasonable time lapse, there has been no action regarding your report, refer the matter to the General Secretary of the House Committee. In the case of defective light-bulbs, replacements can be obtained from the Reception Office, or, when the Reception Office is

closed, from the Catering Supervisor. Please DO NOT replace the dud in your room by removing one from a corridor or bathroom.

#### Billiards and Snooker

The Billiards Room is an amenity available to all residents but is controlled by the Billiards and Snooker Committee, not the House Committee. The tables and equipment were originally private property but ownership and care of the tables has since been passed to the Billiard and Snooker Committee. In present times, according to the constitution, the committee maintains a reserve of about £50 and all surplus revenue goes to the Amenities Fund.

The billiard room is open from 5.00 p.m. till 11.00 p.m. Mondays to Fridays, 10.00 a.m. till midnight on Saturdays, 10.00 a.m. till 11.00 p.m. on Sundays. The charge is 4d per half-hour period, from which all running costs are met.

The hostel enters teams in the local Didcot and District Snooker League and Tournament, and has always achieved very creditable results. Handicap tournaments are run two or three times a year, including the Cobb cup; the cup was presented by one of the original purchasers of the tables.

The current Billiard and Snooker Committee members' names are posted on the notice-board in the billiard room together with the few rules governing use of the room. Any suggestions or complaints should be addressed to them.

#### Economy

One of the most important items has been left till last - costs. The rent you pay for your room is directly linked to the costs of running this hostel. The department responsible for hostel administration assesses all the items relating to hostel expenditure - food, wages and salaries, heating and lighting, routine maintenance, capital expenditure for additions and improvements, etc., - and weighs them against the income of the hostel, which consists solely of the rent paid by residents. It will then propose, at a meeting of the Hostel Charges Sub-Committee, (on which we have two representatives) that rents be increased or decreased accordingly.

The point is that as costs arise, so do rents, which is reasonable, but there is one way in which residents can reduce those costs considerably, i.e. by sensible use of heating and lighting. These are major items in the hostel account and run into many thousands of pounds per annum. It has been proved beyond all doubt that thought and care by the residents can cut the heating and lighting bill by a considerable amount without any personal discomfort or inconvenience.

- i.e. Do not leave the radiator on in your room when you go to work; if you turn the heat on as soon as you return in the evening the room will soon warm up.
- i.e. If your room is too warm, adjust the temperature by turning the radiator off, not by opening the window. The heating in the hostel is governed by internal thermostats; with the radiators on the temperature will rise until the thermostats operate. It will then fall until the thermostats cut in again. If you open the window the temperature will drop and heat will unnecessarily be lost through the windows.
- i.e. If you are the last to leave a room, turn the light off; if a stairway or corridor is empty when you leave it, switch the lights off - there are switches at each end of all corridors and stairs, so the next person can switch them on if necessary. One switch left on overnight can cost £10 per annum. By these simple economies YOU can prevent undue costs which cause a subsequent rise in rents or charges.

Finally, the majority of residents joining this hostel do so straight from the comforts of home. Life can be just as pleasant, in a different sort of way, if everyone remembers that there are nearly three hundred individuals here living in a close community. Everyone of them has as much right to live as he or she wishes, as any other. The keystone on which communal life is built is consideration for others. You may want your radio on full blast, but your next-door neighbour may be swotting for imminent exams, or be feeling under the weather. We all like to find the bath clean when we go to use it, so make sure it is clean when you leave it. You may take a dozen cups to your room for a Saturday night coffee-party, but there are others who would like a cup of

tea with their Sunday morning breakfast and find there are not enough cups to go round.  
If you do borrow crockery from the dining room, please return it!

Almost every action of yours will affect someone in some way or other - please  
consider that someone as you would like them to consider you.

-----  
Compiled by the House Committee,  
Icknield Way House.

To

All Hostel Residents

Private Electrical Appliances on Authority Premises

Under Section 2 of the Occupiers' Liability Act, 1957, the Authority are legally responsible for ensuring that their premises are safe for use, and they are, therefore, concerned to find that various items of electrical appliances and equipment that have been installed by some residents in their rooms do not conform to recognised safety standards.

Apart from any question of legal responsibility it is clearly in the interests of all concerned - the Authority, residents themselves and domestic employees alike - that all possible steps should be taken to ensure that minimum safety standards are observed. Management can arrange for periodical inspections, but inevitably circumstances change from day to day and so it is necessary to rely upon hostel residents for their close co-operation if reasonable standards of safety are to be maintained continuously.

Attached to this memorandum is a copy of a Notice that has been exhibited on hostel notice boards for the guidance of residents, and it is hoped that you will give Management your full co-operation in their efforts to obviate the possibility of an accident which sooner or later is bound to occur if normal safety standards are disregarded.

A.S. Cashman

Lands and Accommodation,  
Building 329.2

## NOTICE TO ALL HOSTEL RESIDENTS

### Electrical Appliances

The Administration Safety Committee have drawn the attention of the Hostels Sub-Committee to a number of cases where electrical appliances are in use in residents' rooms in such a condition as to constitute a danger to residents and staff or a fire risk to the Hostel. At the Hostels Sub-Committee meeting held on 11th June 1959, it was agreed that the attention of residents should be drawn in particular to the following points:-

1. No permanent connections may be made into switches or fittings and no attachments may be made to walls and/or furniture the property of the Authority.
2. Where a socket outlet is provided in a room no connections may be made into lighting equipment.
3. No live connections are to be made with bare wires and no live metal work (e.g. uninsulated wires) left exposed.
4. Wherever it is reasonably possible, metal lamps and appliances are to be properly earthed. In general bakelite fittings are to be preferred to metal.
5. No appliances (e.g. open boiling rings) are to be used in such a way as to constitute a fire hazard or to burn or discolour linoleum, rugs, etc.
6. Where bedside lamps are rigged up, a proper flex should be used and where joins are necessary, they should be properly made. Flex should be run round the skirting board and not across floors or draped round curtains.
7. The representatives of the House Committees agreed that a representative should be appointed in each Hostel to make a periodical examination of appliances in use and draw residents' attention to those which are considered to constitute a hazard.
8. It is a condition of residence in the hostel, that residents comply with the above regulations. Any infringement may well result in the immediate removal of a resident.
