                      F Chambers  
                      Miss G P Jones  
                      Prof R M Needham (Cambridge)  
                      W D Shepherd      (Strathclyde)  
                      Tech Meetings/DCS Conference 1982

PRESENT:            Prof R M Needham  
                      W D Shepherd  
                      D A Duce

ACTION

The following points arose:

- 1. 400 invitations have been sent out to date. More are imminent.      DAD
- 2. Doug has arranged a room for poster sessions, following a suggestion from David Aspinall.
- 3. Some of the provisional lecture titles are not self explanatory. Doug will ask speakers to supply definitive titles and brief (1 paragraph) abstracts.      WDS
- 4. The idea of an after dinner speech on 6 July was discussed. This will only be done if a good speaker can be found. Suggested names were Kenneth Baker MP, Philip Hughes and Brian Oakley. Roger will write to Kenneth Baker.      RMN
- 5. Springer Verlag would be prepared to publish proceedings in the Lecture Notes series. Some speakers may be reluctant to produce publication quality written material. Doug will solicit speaker's views on this.      WDS
